

## **FUNDING OPPORTUNITIES**

TEACH Grant – US Dept. of Education

<http://studentaid.ed.gov/PORTALSWebApp/students/english/TEACH.jsp>

Through the College Cost Reduction and Access Act of 2007, Congress created the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program that provides grants of up to \$4,000 per year to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families. Recipients of this grant must teach for at least four academic years. (Note: TTT participants must teach in **public** schools that meet the definition of high-need and are operated by a high-need LEA for at least **three** years). Individuals interested in becoming teachers and who would like more information about the TEACH Grant Program should contact the financial aid office at the college where they will be enrolled starting with the 2008-2009 school year to find out if the college is participating in this program.
